SUMMARY

Driven and ambitious M.C.A student with strong programming, web development skill , and seeking opportunities to apply and expand technical knowledge in a professional environment. Eager to contribute to diverse projects, gain hands-on experience, and enhance technical proficiency in a collaborative and innovative environment. Committed to professional growth and making meaningful contributions.

EDUCATION

Master of Computer Applications (MCA)

Greater Noida Institute of Technology
Pursuing

Bachelor of Computer Applications (BCA)

Chaudhary Charan Singh University, Meerut
2020 – 2023

Intermediate with PCM

Uttar Pradesh Board
2017 – 2018

High School

Uttar Pradesh Board
2015 – 2016

PROJECTS

Food Ordering System

Java | Maven | Hibernate | MySQL

Sep - Oct-2024 | [github-link](#)

- Developed a Java-based Food Ordering Management System for efficient menu browsing and order placement.
- Designed a relational database in MySQL to manage users, orders, and payments.
- Implemented Hibernate ORM for optimized database interactions and improved application performance.
- Created an admin interface for effective menu management and real-time order tracking.
- Developed a console-based user interface that provides a seamless and interactive experience for both customers and admins.

TECHNICAL SKILLS

- Learning Java Advance from anudip foundation**
- Programming Languages:** C, C++, js, Java2E
- Web Technologies:** HTML, CSS, Tailwind CSS, Next.js, EJS(Basic)
- Databases:** MySQL
- Operating Systems:** Windows, Linux(Basic)

SKILLS

- Strong organizational and time management skills
- Excellent communication skills, both verbal and written
- Ability to work independently and collaboratively within a team
- Detail-oriented with the ability to handle multiple tasks simultaneously
- Proficient in problem-solving and critical thinking
- Highly adaptable to changing environments and priorities

ACHIEVEMENTS

- Second Position, College Coding Competition (2024):** Demonstrated prowess in C programming, showcasing problem-solving abilities and Critical thinking.
- Advent of Cyber 2022 & 2023:** Certified completion of 24 days cybersecurity challenges on TryHackMe, enhancing practical skills in ethical hacking and cybersecurity defense.
